Get Your Favorite Vending Solutions Without a Large Upfront Investment

Scale Your Business through Financing*

We understand the importance of providing reliable vending and convenience services that meet the needs of your customers. As your business grows, new opportunities often arise to add machines, expand routes, or pursue better locations.

Through our partnership with PEAC Solutions, Crane offers flexible vending machine financing options that help established operators acquire the machines, payment devices, and services they need without a large upfront investment. Financing provides predictable monthly payments and allows you to scale your business while preserving cash for operations, inventory, and service.

With financing in place, you can place new machines into service faster and start earning revenue at your locations without delaying growth.

How it works:

Crane and PEAC Solutions make it simple to move forward with financing so you can stay focused on growing your business.

- **Apply:** Submit a straightforward financing application online, through your Crane representative, or with support from PEAC. Scan the QR code to complete a credit application online and obtain a credit decision within 2-4 hours.
- **Quote:** Your PEAC representative will confirm your plan and send documents via DocuSign for electronic signature.
- **Funding:** Once your document package is executed and the equipment is delivered, PEAC will release the funds to complete the transaction.

Ready to Scale Your Vending Business?

Financing can help you add machines, expand routes, and pursue new opportunities with predictable monthly payments and without a large upfront investment.

Apply for financing today or talk with a Crane specialist to explore your options.
